ALONGSIDE:

Doing business in Indonesia gives you access to the largest economy in Southeast Asia. DrinkTech Indonesia 2017 offers a sales platform for specialist suppliers of beverage processing technology to meet your target customers from all over the country.

MARKET HIGHLIGHTS

- The Industry Ministry of Indonesia set its target for growth for the food and beverage industry in 2017 at 7.5 - 7.8% (y/y), however the industry group is confident that it will expand up to 8.5% (y/y) to a value of USD \$105.2 billion in 2017.
- Garuda Food eyes 15 % (y/y) growth in 2017, up from the 10% (y/y) growth in 2016. Similarly, Ultrajaya Milk Industry, Indonesia's leading producer of aseptic dairy products, also expects 15% (y/y) growth in 2017 based on rising demand for milk products.
- Indonesia has a population of more than 255 million, expected to grow to 260 in 2018 making it a hugely profitable market for beverage producers.
- The World Bank is forecasting 2017 GDP growth of 5.3% for Indonesia.
