18-20 November 2020 | 10.00 am-05.00 pm (WIB/GMT+7)

DIGITAL SHOWROOM

18-20 November 2020 | 10.00 am-05.00 pm (WIB/GMT+7)

PRODUCTS INTERESTED

Additives
Adhesives & glue
Ancillary equipment
Aseptic technology
Automatic systems & devices for in line monitoring
Auxiliary machinery & equipment
Bag & sack making equipment
Beverage & liquid packaging
Blow molding machines
Bottling technology
Brewing/beverage/lactic/liquid processing
Cap/crown/sealing technology
Chemical products & materials
Chemical & raw materials
Coating
Coding
Compressors
Containers & tanks
Converting machinery
Converting of cardboard & corrugated board packaging machinery & equipment
Converting of flexible packaging & special products machinery & equipment
Corrugated board production machinery & equipment
Cutting machines
Design
Die cutter preparation machinery & equipment
Embossing machines
Equipment
Extruders & extrusion lines

Extruders aided equipment
Fillers
Filing machines
Filters & filtration systems
Finishing
Flexible packaging
Flexographic & rotogravure printing technology
Foams & intermediaries
Glass packaging materials
Heat exchangers
Industrial automation & robotic
Ingredients/additives/flavours
Injection moulding machines
Inspection systems
Kegs & fittings
Label printing
Laboratory machines & equipment
Laminating technology
Liquid handling & conveying
Looms
Lubricants
Machining accessories & cutters
Material formulating & compounding lines
Material handling equipment
Measurement/testing equipment/weighing systems
Melt filter & pumps
Mold & dies
Mould design software & engineering
Mould materials & components
Mould treatment & maintenance

Package & decoration printing machinery & equipment
Packaging
Packaging equipment/supplies/materials
Palletizing equipment
Papermaking industry machinery & equipment
Pasteurizers
PET preforms
Plastics packaging machines
Post processing machines
Pre-processing & recycling equipment
Prepress & printing form machinery equipment
Presses
Production services
Pumps & valves
Thermoforming/thermoplastic
Vacuum forming
Water treatment
Welding machines

DIGITAL SHOWROOM

18-20 November 2020 | 10.00 am-05.00 pm (WIB/GMT+7)

GAIN BENEFIT & USE ALL OF THE FEATURES FROM OUR DIGITAL SHOWROOM

The virtual business matching program hosting approximately 100 products, 40 exhibitors, online meetings, private meeting sessions, group meeting session, face to face meeting video calls, powered by an AI networking platform, invite-only round table rooms, exhibitors' product showcase, and much more. This smart event matchmaking will intelligently recommend other users of the service and to provide you with a personalized experience. A new level of business meeting - join now!

ADI NUSA GLORY, PT.

Chen Hsong produces injection molding machines with clamping forces that start at 98 tons and range up to 6.500 tons. the Chen Hsong product that ANG primarily distributes is the Jetmaster, Which is well known for its high production speeds compared with its competitors in the same class. as well as injection molding machines. ANG has also been appointed as the distributor of auxillary equipment such as chiller, hopper dryer, mixer and crushers under the Niasi and Nitsu Brands.

ANDALAN DIGITAL TECHNOLOGY, PT.

Andalan Digital Teknologi is a privately owned company specializing in industrial automation systems. We were appointed by Veichi as an Authorized Distributor for Indonesia. Veichi is one of the top level brand of AC motor drive and industrial automation in China. Our company also provides the total solutions of power quality systems which produced by high quality brand.

BENUA KENCANA MAKMUR, PT.

PT. Benua Kencana Makmur sejak tahun 2003 telah menghadirkan peralatan mesin-mesin pendukung untuk membantu proses mesin utama (injeksi cetak, mesin extrusion, mesin cetak blow dan mesin plastik lainnya) menjadi lebih baik (kecepatan proses, pencampuran bahan plastik, perbaikan hasil produksi, daur ulang produk plastik), dan telah dipercaya oleh lebih dari 300 pabrik plastik yang beroperasi di Indonesia.

ALPINE HOSOKAWA

For over 120 years now, Hosokawa Alpine has been designing and building process technological machines and systems for processing powders, granules and bulk materials as well as for manifold recycling jobs.

ASIA BAHTERA SOLUSITECH, PT.

Plastic Machinery Trading Company and Automation.
Yushin : Take-out Robot for Injection Molding Machine
DLA : Part JIG / Part for End of Arm Tool Robot
Auxiliary for Injection Molding Machine

BILPLAST GRAPINDO, PT.

Bilplast came in existence in 2000 where we started selling plastic machinery to woven sack industries under the leadership of Billy Tjang(M.D). In our 19th year of operation we are one of the most proactive leading company concentrating in selling machineries to Injection Molding, Extrusion Blow, Inject Stretch Blow, Woven Bag, Mineral Water, and Broom and Brush Industries.

CATUR PUTRA MAKMUR SEJAHTERA, PT

PT Catur Putra Makmur Sejahtera offers:

1. Plastic Injection Molding Machine
2. Extrusion Blow Molding Machine
3. Injection Blow Molding Machine
4. PET Stretch Blow Molding Machine
5. PET Preform Mold

with after-sales services. We offer turn-key project for PET bottle.

CENDRAWASIH SEJAHTERA, PT.

we can dispatch engineers to your company to check your currently used types of screw barrel and draw them out accordantly. Mostly, we also sell all kinds of plastic machines, such as granulator, drying machine and so on.

DWI INDAH, PT.

We were established in 1956 in Jakarta, Indonesia as a trading company focused on paper products. Over the decades in business our group has continued to expand its business lines in distributing 3M products, industrial printing, thermal paper, stretch films and blown film manufacturing.

DIGITAL SHOWROOM

18-20 November 2020 | 10.00 am-05.00 pm (WIB/GMT+7)

COLORINDO CHEMTRA

Trading Company (Pigments and Additives)

GABLER THERMOFORM

We are a globally leader producer of thermoforming machines for the production of plastic packaging in the thermoforming process. As a specialist in thermoforming technology, we develop and produce thermoforming machines, whose quality, performance and reliability set standards internationally. We offer our customers specific and matching solutions for every packaging task. It is our policy to offer a broad range of machines including handling systems and accessories, comprehensive services and closeness to the customer.

GLOBAL MEGA INDONESIA, PT.

Global Mega Indonesia (GMI) established in July, 2006. GMI provides not only Machine, GMI have Knowledge, Ideas and Design to share with the aim of professional partnership. With BRANSON support, GMI are successfully widen its horizon. Our support services include employee training, engineering assistance, creating new/modified parts, troubleshooting and repair.

HUNG WANG MACHINERY

Blow Film PE, HD, PP, Seideseal, Cutting, etc.

HAKAI HAKAI TECHNOLOGY INDUSTRIES, CV.

HAKAI TECHNOLOGY INDUSTRIES is a Company engaged in the field of manufacturing Water Chillers, Heater Elements and Thermocouples specifically for fast growing industries, initially it was named Tunggal Teknik established in 1995, and in 2008 it was legalized as a Company by a deed of company establishment under confirmation No. 2260/CN/PEN/2008, which is now as workshop and warehouse located At 72 Kedinding Tengah Jaya I Street, Surabaya, Indonesia, and the office domicilled at 52 Lbak Indah Utara Street, Surabaya, Indonesia.

HANATA INDONESIA PERSADA, PT.

Industrial Plastic Manufacture.
Food safe material, Heavy weight and we used original raw material.

INTER BUANA

INTER BUANA MACHINERY, PT.

We are specialist in plastic machinery and trading for many years as official agent for some product brands as follow:

Demag-a well-known long-standing brand in the injection molding industry. Started in 1950 for Injection molding machine manufacturing at Ankerwerk Nürnberg – Germany. And in 1998, production in China started by Demag Ningbo (Joint venture) for various model of Injection molding machines.

Hwa Chin Machinery Factory Co., Ltd. has steadily grown over since 1970 and with this 50 years experience in the design and manufacture of plastic injection molding machines, Hwa Chin has maintained its position as a leader in Taiwan through innovation, quality and technology.

CAIFENG - Focus on injection molding machine manufacturing for 25 years with wide range of injection molding machine product, and one of them is Two-platen injection molding machine with high rigidity clamping mechanism to ensure the accuracy of mold clamping.

Ningbo Hwamda Machinery Manufacturing Co., Ltd. is a new and high technology enterprise devoting to manufacture plastic injection molding machine, locating in the "city of china plastic molding machine" Ningbo, China. Started on 2002, and their one highlight injection machine type is SPIII the High Speed Series for Thin-wall products.

BOLE Machinery was founded in 1998 as high-tech enterprises that focus on the research, development and manufacture of precision machinery equipment. It adopts the mode of "technology from Germany, made in China". The range of products covers 6 main series.

INDOPLAT PERKASA PURNAMA, PT.

PT. INDOPLAT PERKASA PURNAMA merupakan perusahaan manufaktur yang telah tumbuh dan berkembang seiring pertumbuhan ekonomi indonesia sejak tahun 1985. Kami berdedikasi dalam memberikan jasa pembuatan Dies dan Moulding Plastik, Injection, Plating, Painting, Hotstamping, Vacuum metalizing dan Assembling untuk industri Otomotif, Elektronik, Furniture, dan Aksesoris. Kami menerapkan "Continuous Improvement" pada kualitas, biaya, pelayanan, serta keamanan untuk lebih meningkatkan kepuasan pelanggan Kami.

KARYA TEKNIK SEMESTA, PT.

PT Karya Teknik Semesta adalah Supplier yang bergerak di bidang Compressor Industry, Air Dryer, Vacuum dan Blower. Brand yang kami pasarkan antara lain : Kaishan Compressor (Compressor, Vacuum & Blower); Winson Air System (Air Dryer & Accessories); Hori Wing Oil Free ; Shandong Zhanggu Blower.

DIGITAL SHOWROOM

18-20 November 2020 | 10.00 am-05.00 pm (WIB/GMT+7)

KARYA INDAH MESINDO, PT.

PT. Karya Indah Machinery, located in Tangerang, Indonesia, along with its production site Zhou Shan Jin Yu Da Plastic Machinery Co., Ltd in China is a professional manufacturer and exporter of Plasticating Components with superior quality. Our company has strong technical capabilities and furthermore we are equipped with the most advanced technology. Our product materials are only selected from the best steel alloy helped with the process of heating, moulding, shaping, spraying, grinding, and finally polishing, thus making our products to have long lasting resistance towards corrosions and extend the service life and so on. In addition, to meet various customer's demand and satisfaction, we always provide the correction designs and sketches for screws and barrels, and we are always ready to repair damaged screws and barrels.

**KIEFEL
PACKAGING**

A Member of Brückner Group

KIEFEL

For over 60 years, Kiefel has been a world market leader in design and manufacture of plastic processing machines and tools.

Our pioneering spirit and creativity are second to none on the market. We are our customers' partner for every task, accompanying them from product development to mass production.

KORSINI-SAF AMBALAJ SAN. TIC. A.S.

KORSINI IS A LEADING, GLOBAL IML (IN MOULD LABEL) PRINTING COMPANY having the largest IML product variety in the world.

KUZEY GLOBAL

Thermoforming Machine and Extrusion Line Manufacturer.

Plastics & Rubber Products Manufacturing and Machinery & Equipment Manufacturing

LOHIA

The flagship company of Lohia Group and a global major supplier of end-to-end solutions for Polypropylene (PP) and High Density Polyethylene (HDPE) woven fabric machinery

MOVACOLOR

Movacolor is the first choice of plastics producers worldwide that strive for excellence in injection molding or extrusion. With three decades of experience with dosing systems, we don't simply meet our customers' demands for stable production, high quality, improved efficiency and lower costs & scrap volumes - we exceed them because of our constant innovations in dosing technology.

C.V. POLYPACK PERKASA
"IMPROVE BOTTOM LINE"

POLYPACK PERKASA, CV.

Our company provide various packaging solution, such as shrink wrapping machine, form fill seal machine, stretch wrapping machine, label barcode printer, barcode scanner, coding machine & inkjet printing for expire date, etc

TOKOPLAS ECOMMERCE INDONESIA, PT.

B2B Ecommerce in Petrochemical Trading

PT PURYTEK TUNGGAL PRIMA

PURYTEK TUNGGAL PRIMA, PT.

Printing, packaging, converting and coding business.

RE-SPA PNEUMATIC BRAKES (COMBIFLEX PNEUMATIC BRAKE). -High precision torque control, - No release of polluting material, - High torque levels up to 4620 Nm, -SELEMATIC system, - Reduced calipers at 10, 16, 40%, -Negative Calipers. Many Types of the Combiflex.

SYSTECH ILLINOIS NEW PERMEATION INSTRUMENT 8101e / ASTM D3985. Latest coulometric sensor technology ASTM D3985 compliant. -High Sensitivity, - Easy testing, - Large touch screen, -Film Loading, - Automatic relative humidity and temperature control, -Test condition Matrix feature, -Expandable up to 32 cells.

EXPANDING SHAFT. Made of aluminium, steel or carbon, they can wrap and unwind coils of any material and weight.

ROVA CORK TAPES. Are usually used on rollers of winders and slitting machines and have been used for decades are OEM covering by all renowned manufacturers of these machine types. The quality of ROVA Cork Tapes is continuously checked at very high standard and is thus subject to stringent control and available in various width, length, and thicknesses and thus cover almost all application areas.

SAFETY CHUCK. -Hand wheel operation, -Design and build for heavy duty application, - Extremely low maintenance cost, -Fast loading and unloading of shafts, -Suit for all unwind and rewind application, -Both pillow and flange mount types are available, -Replaceable insert(VT), sliding and round types are all available, -Safe design.

DIGITAL SHOWROOM

18-20 November 2020 | 10.00 am-05.00 pm (WIB/GMT+7)

RAPINDO

RIKEN INDONESIA, PT.

For more than 20 years experiences PT Riken Indonesia, member of Riken Technos Corporation, well-known as Rapindo has growth become a part of the world's largest in PVC Compound business for wide range applications. Our PVC compound product for General & Medical Applications. General PVC Compound are used in the automotive industries, electrical appliance, toys and other home appliance. And Medical PVC Compounds for use in the production of medical disposable parts such as Infusion tube, oxygen tube.

SARANA TRIMITRA SOLUSINDO PRATAMA, PT.

Industrial Automation System.
Low Voltage Inverter, PLC, AC Servo Motor & Drive, HMI Display, Scada InfoU, Medium Voltage Inverter, Smart IoT, Low Voltage Softstarter, Industrial Weighing System, Power Quality (Active & Passive)

Starlinger STARLINGER

The world's leading supplier of machinery for producing woven plastic packaging, plastic recycling and refinement.

PT. SOLUSI INSPEKSI ASIA

SOLUSI INSPEKSI ASIA, PT.

Authorized Distributor & Service Center Sesotec Metal Detector.

Industrial companies are facing the challenge of reconciling sustainability and profitability. With our intelligent solutions for foreign object detection, material sorting and analysis, we help our customers to ensure that sustainable and high-quality production is profitable for people, the environment and industry.

VULKANIN JAYA

SUPERVULKANIN ADIJAYA, PT.

VULKANIN JAYA is a brand of retread tyres that has existed since 1973. We have more than 45 years of experience in the industry. We aim to provide the most suitable SOLUTIONS for you, in maximising the cost efficiency of your tyres' expenditures. Thus, we consistently keep improving the quality of our products, and our after-sales services. We use quality treads on all our retread tyres. We also use modern and up-to-date technologies in all our production cycles. Our workmanship is of high standard.

YourTyre Retreading Specialist.
Forklift Retread Tyre, On The Road - Tyre, Tread.

TRİYOTEK, PT.

PT Triyotek is a profesional converting line company which majored of Flexible Rotogravure Printing Machine such as Printing Machine, Dry Lamination Machine, Slitting Machine, Inspection Machine and Mini Rewinder Machine. We are able to accepted to modified, recondition machine and supplies the controller which mentioned above.

TUNAS MITRA SUKSES, PT.

OPP Tape is a combination of BOPP film coated with water based acrylic adhesive to comply with different application. Our OPP Tape provides immediate adhesion which is ideal for light, medium, or even heavy packaging purpose.

VICTORY BLESSINGS INDONESIA, PT.

PT Victory Blessings Indonesia is an exclusive agent, professional distributor and supplier of converting industries machine, tools and equipment for packaging industries in Indonesia and was established in 2010.

WAHANA SEJAHTERA LANGGENG MAKMUR, PT.

PT. WAHANA SEJAHTERA LANGGENG MAKMUR is a sole distributor of Haitian Plastic injection molding machine. Establish in 2015, we continue to grow our business in plastic industry for Indonesian market. Under leadership of Mr. Howard Kasima and supported by Haitian head quarter, Haitian is successfully becoming the market leader for plastic injection molding machine in Indonesia. Our Object is to maintain our position in the market, with a strong customer relation ship and supported by our experience engineers and back up with availability of spare parts. Apart from that, we also sell accessories for injection molding machine, such as Hopper dryer, auto loader, chiller, etc.

YAKIN MAJU SENTOSA, PT.

Yakin Maju has more than 40 years of passion in providing innovative solutions to support the precision of manufacturing processes. We pride ourselves for being an extension of our customer's business that reduces lead times and lowers their overall project costs. We have five major branches in Indonesia and known as trusted distributor in measuring instruments. Cooperating with more than 30 partners from around the world, we constantly endeavour to deliver the highest quality and best solution for our customers.

TECH-TALK WEEK

Exclusive Webinar Series For Plastics & Rubbers Industry Business

Webinar: A Strategy Overview On How Indonesia's Plastics & Rubber Industry Recover Post COVID-19
Wednesday, 8th July 2020 | 11.00 WIB (GMT +7)

Speakers:

- Ariana Dewi**, Director, Indonesia Packaging Federation
Key points: Association Insights - Plastics Packaging Industry
- Wilson Panthika**, Secretary General, Indonesia Plastics Recycler Association
Key points: Association Insights - Plastics Recycling Industry
- Willy Tang**, Managing Director, PT. Binafida Logistik
Key points: Industry View

8 July 2020
11.00AM (WIB/GMT+7)

Technology and Processes for The Machining of Plastics and Composite Materials
Thursday, 13th August 2020 | 10.00 am (WIB/GMT +7)

Speakers:

- Lies Agustine Wicajodharmo**, GM, Pemasokan Canggih
Pusat Teknologi Material (PTM), Direktorat Riset dan Pengembangan Industri Manufaktur (DIPRI)
- Sutrisno**, General Secretary, Gabungan Industri Plastik Seluruh Indonesia (GAPRI)
- Herman Adoagutra**, Founder & Director, PT. Sinarindo International Trading
- Ir. Seto Roseno, B. Eng. (Mons.), M. Sc.**, Kepala Program Sains, Teknologi, Inovasi dan Pengajaran (KSP) dan Kepala Pusat Teknologi Manufaktur (KPTM) dan Pengajaran dan Penelitian (KPP)

13 August 2020
10.00AM (WIB/GMT+7)

New Technological Solutions to Improve The Injection Moulding Process
Tuesday, 15th September 2020 | 10.00 am (WIB/GMT+7)

Our Key Speakers:

- Tjan Khin Hoo**, Chairman, PT. Cakra Plastik Widyadarmas
- Ir. Hendro Set Setjjo Tama, M.Si**, Specialist Injection Molding, Bina Sampingan - BPPF
- Paulus S. Napitupatu**, Senior Advisor for Indonesia Mould and Die Industry Association (PMID)

15 September 2020
10.00AM (WIB/GMT+7)

Technology Showcase
Friday, 23 October 2020 | 10.00 am (WIB/GMT+7)

Speakers:

- Delfi Jeneedy**, VP of Sales, Tokoplas
"Embracing the Future of Petrochemical Trading"
- Edli Rival**, Vice President - Corporate Relations and Sustainability, PT Chandra Asri Petrochemical Tbk
"Supporting Indonesia's Petrochemical Growth through Technology and Sustainability"

23 October 2020
10.00AM (WIB/GMT+7)

How COVID has Highlighted the Need for Functional Packaging Technologies
Thursday, 26 November 2020 | 10.00 am (WIB/GMT+7)

Speakers:

- Mr. Ryan Tan**, Mitsubishi Gas Chemical Singapore Pte Ltd
- Mr. Albert Lim**, Senior Manager, Mitsubishi Gas Chemical Singapore Pte Ltd
- Mr. Takatori Miyabe**, Technical Marketing Specialist Asia Pacific, Mitsubishi Gas Chemical Co., Inc.

26 November 2020
10.00AM (WIB/GMT+7)

TECHNICAL INFO:

Our webinar will be conducted using a presentation with an audio format. After you complete your registration, you will receive an automatic confirmation email with details for joining our webinar. As you build your future information and experience, you can check the recording webinar video and download the presentation material, a minimum of 2 working days after the webinar is done. For more details on the upcoming webinar please check <https://www.plasticsandrubberindonesia.com/digital-showroom/webinar/>

See you at the e-stage!
